Dear All

Your clients have received in the last 3 months 3 letter in order to fulfill the requirement of the Bank or send a transfer and closing instruction.

As of today we have not received any feedback or any instruction.

As explained in the last letter we are going to forced closure meaning:

On Monday the all portfolio will be sold and the cash balance will be issued on a check at the disposal of the account owner.

Thank you to communicate that to your clients.

Best regards

Dear; Next Monday, February 1, we have a meeting with Deustche in New York with Ferdinand. As commented with RC in Punta del Este, this meeting was recommended by the Directors of EAM on several occasions and on the last visit, and Ferdinand to them. The EAM department was created at the end of 2015 and is the natural way to carry out Biscayne's relationship; We will meet with commercial compliance and credit operations of EAM. Reynaldo has been wanting to take the book from Switzerland to the country for months due to internal bank disputes, as the banker from Latam is not clear on where to go. If someone considers something contrary please advise; during the meeting directory. Atte
